

**MEGHALAYA PUBLIC SERVICE COMMISSION**  
**LACHUMIERE**

.....

No.MPSC/Ex-C/37/2016-17/21

Dated- 25<sup>th</sup> May, 2017

**Order**

The Meghalaya Public Service Commission has after reviewing the selection process to the various posts advertised, has decided to make Written Examination/Screening test mandatory in all the process of recruitment/selection for all types of posts that will be advertised by MPSC henceforth irrespective of the number of applicants. The practice of conducting of "interview only" without a Screening test/Written examination has brought negative response from applicants across the State and thus the decision to put an end to this practice. There will be no more recruitment with "Personal Interview only" at all entry level posts in all the Government Departments of the State conducted by the Meghalaya Public Service Commission. The recruitment/selection will be made strictly on merit basis through an initial written examination/ Screening test phase which will be followed by a Personal interview phase. Subsequently, the Skill Test or Physical Test being different from Interview may continue as usual. However these tests will only be of qualifying nature. The decision to discontinue the process of direct "Interview only", for all level posts in Meghalaya Public Service Commission will act as a major step towards achieving the objectives of citizen centric transparent governance.
